How beautiful upon the mountains are the feet of him who brings good news. Is. 52:7

Dear friends and family,  
Summer is here and with it has come a change of schedule for us. In early June, we celebrated the graduation of another group of Bible schoolers. It was a special, tender time for the kids and their families. Pray with us that God would raise up another group for this coming year. The homeschool kids have also wrapped up their classes for the end of the school year. We are thankful for how well they are doing and the difference in character we are already seeing in them versus their companions in the church.

Despite the fact that we have finished up these responsibilities for the year, our schedule is no less full! Just about every weekend is packed with activities, and Justo is using the quieter days midweek to catch up on some much needed paperwork/organization. Our weekly discipleship one-on-one also continues. We are fitting in more one-time ministry events as well.

Justo was part of a group of fathers and sons who took a retreat to the jungle the last weekend in June. Since our sons are too little to go, Justo “adopted” one of the young men from the church. The trip was quite adventurous, with excellent teaching, fellowship, and camaraderie. We praise the Lord for the safety He gave the group. From snakes to mudslides, you never know what you will encounter in the Amazon jungle!

We have found that Justo's knowledge of computers, programming, and electricity has opened many new

doors recently for ministry. He has had the opportunity to lecture at

a local university and is meeting with several new kids for mentoring and learning electronics. Justo welcomes these chances to share more about Jesus and challenge these young people in their faith.

Thank you for your faithfulness in uplifting us before the throne of mercy!

Love in Christ,

*Justo, Tricia, & family*
